

Bringing In The Big Dogs

Recently, specially trained dogs have been brought into Senior Living Facilities in Georgia to detect the COVID-19 virus. Facilities across the globe have started to train dogs for this program to sense if someone is positive or negative for the virus and identify other common health concerns.

Home-Care Sweethearts

Despite current events and the weary times we are facing, there are still plenty of happy moments that are taking place in this senior care home. Read about how one facility put its best efforts forward to help two sweethearts tie the knot after 26 years in their heartwarming love story.

Spruce Up The New Season

Although we are still in some troubling times, we hope for better months ahead as we continue through the year. March has arrived, and the first day of spring is only right around the corner. Here is a list of spring activities and crafts to incorporate into your residents' new season!

PCH Partners with Resident Connection Platform MemoryWell

This week you should have received an email Alert announcing our collaboration with [MemoryWell](#). MemoryWell is designed to enhance the experience of residents, their loved ones and caregivers in the long term care setting. It provides an innovative platform for residents to tell their story, create a personal interactive timeline and be seen and known by whomever they choose, i.e. caregivers, other residents, family. MemoryWell offers new opportunities to create human connection during a stressful time of life while settling into a new home. It definitely gets you off to a positive start with your residents and their families.

PCH is offering a limited number of stories to residents of your communities in exchange for feedback from you, residents, families and care team members. Please sign up today to start getting the benefits of MemoryWell.
